

*If you ever really wonder
Or question who you are
Look deep within your heart and soul
For the answer is not far.*

*You are God's special child
And His love for you is true
He can only be your gentle guide
The rest is up to you.*

*If you close your eyes and listen
To the words that come to heart
He will extend to you a loving hand
And from your side will never part.*

*The key is to find your faith
In yourself and God above
And your journey will be blessed
With hope, with joy and love.*

*This journey may not be easy
But your faith will guide you through
And you will see the loving work of God
Shine brightly within you.*
